IGNITE FALL 2013 SPONSORSHIP PACKAGE.

Thank you for your interest in sponsoring Ignite Your Life Women's conference. Now more than ever, women are playing pivotal roles in Business, Government, Community Development, and Education. The Center for Women's Business Research claims that 50% of American businesses are owned and operated by women. In today's world, women wear multiple hats; they are mothers, business owners and social activists.

Today's woman is passionate, focused and always on the move. Ignite Your Life Women's conference provides an environment where these women learn to sharpen their career and business skills, create meaningful relationships with like-minded women, re-focus on their purposes, visions and life goals, as well as to refresh their spirits.

Our first conference was held in November 2012 in Linthicum, MD. We sold out the conference within a few weeks and had to deal with a standing room event! More than 200 women came out for the weekend to be equipped, encouraged and empowered by our world class panel of speakers. We have maintained and grown that number in just a few months to 250 at our second conference, and now expecting over 300 in attendance in November.

The women are trained by world class leaders, life and business coaches and teachers who have excelled in their fields of expertise. Ignite conference is held twice a year(Fall and Spring), for 3days. The conference topics span the areas of career development, business ownership, personal development, sales and marketing, health, spirituality, meditation and relationships.(session topics are available online at www.igniteladiesconference.com/sessions).

Some of our past speakers have included Global leader and senior pastor Dr. Mike Murdock, evangelist Dr. Tracy Mitchell, Health and Wellness Coach Wendy Pett, 5 Time Boxing Champion Isra Wynn, success coach Tishina Andersen and many more.

The demographics of the women who attend this conference are women between the ages of 25-60. These women are wives, mothers, corporate leaders, business owners and leaders of their local communities. They earn between \$45,000-\$150,000. The women who attend this are looking for ways to enhance their lives and are passionate about change.

Our marketing distribution includes internet, social media, radio, newspaper, Magazine, outdoor.
